Philadelphia Record.

The sneezers of the United States, who are known as the Hay Fever Association, have just completed their sixteenth annual session at Bethlehem, N. H. This organization, which Henry Ward Beecher put such life into, still meets regularly once a year, cracks jokes and tells stories to keep up the spirits of the hay-fever-victim members, talks of ways and means to dry up tear ducts and provide noise subduers for sneezers, and, in a word, fights an annual battle against the disease that makes such a market.

of subsistence.

Dyspepsia
Makes the lives of many people miserable, and often leads to self-destruction.
We know of no remedy for dyspepsia more successful than Hood's Sarsaparilla. It acts gently, yet surely and efficiently, tones the stomach and other organs, removes the faint feeling, creates a good appetite, cures headache, and refreshes the burdened mind. Give Hood's Sarsaparilla a fair trial. It will do you good.

EATON RAPIDS, MICH.—J. M. Loose Red Clover Co., Detroit—Two years I was allicted with a very severe attack of Erysipelas. After two physicians had used their treatment for several weeks used their treatment for several weeks and I continued growing rapidly worse, being by this time completely blind, and in their diagnesis concluded that there was no earthly help or hope for me. I gave up, having tried all the remedies I knew or heard of. My neighbor, Mr. Miller, came in to see me one day, and said try Loose's Extract Red Clover, as he had known of it working remarkable cures. I told him I had lost hope, that nothing would do me any good in this world, he insisted, and taking his hat went to the drug store and bought me one bottle and urged me to try it, which I did. Ten days afterwards I sent for two more bottles and it was wonderspecial car, thanks to his cauterization scheme.

The snecking and crying was redoubled when Dr. Edward Townsend, of this city, told the convention that hay fever was a moral disease; that it never attacked New York aldermen or convicts, and that its worst victims were attacked New York aldermen or convicts, and that its worst victims were atways brainy people like himself. President Lockwood in an address estimated that there were at least 200,000 sneczors in the United States, all more or less addicted to tears.
